PROJECTS

1. **Nykaa - Clone**
- Nykaa is an Indian e-commerce company, founded by Falguni Nayar in 2012 and headquartered in Mumbai. It sells beauty, wellness, and fashion products across websites, mobile apps, and 100+ offline stores.
- It was developed along with a team of 5 members in one week.
- My task in this project was to make a Cart or Payment page where we can add products and buy after you can pay.
- **Tech Stack:-** HTML, CSS, JavaScript, ES6. All these technologies were used to develop this project.
- **GitHub:-** https://github.com/almightycoder4/nykaa-clone
- **Project Link:-** https://nyka.netlify.app/

2. **Practo - Clone**
- Practo is revolutionizing healthcare by enabling consumers to find the best doctors, book instant appointments, and consultations, and make better.
- It was developed along with a team of 5 members in one week.
- My task was to make Login or Signup Page fully Functional.
- **Tech Stack:-** React, Nodejs, Expressjs, ChakarUi, HTML, CSS, Javascript All these techniques were used to develop this project.
- **GitHub:-** https://github.com/RichieRich2020/Practo.com-Clone
